

PYKV: A Scalable In-Memory Key-Value Store with Persistence

Milestone 3

- **ABSTRACT**

This milestone focuses on data persistence to ensure data is not lost during crashes.

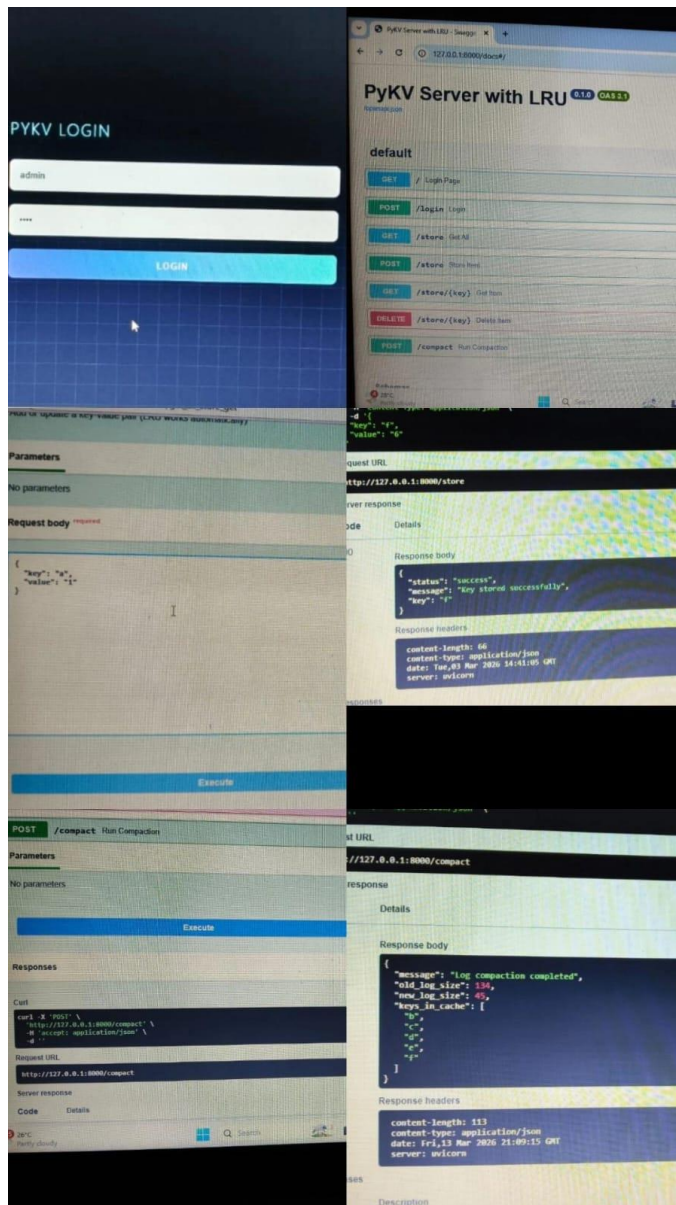

- **WORK DONE**

Implemented append-only log system. Added recovery mechanism to reload data from file. Created compaction process.

- **PROBLEMS FACED**

File handling and recovery logic were complex. Solved by testing log reading.

- **OUTPUT SCREENSHOT**

- CONCLUSION

Data persistence successfully implemented.
